Re: Digital Operation Notifications

Dear Ms. Dortch:

Transmitted herewith on behalf of Journal Broadcast Corporation ("*Journal*"), licensee of stations KFDI-FM, Fac. ID No. 72357, Wichita, Kansas, KFXJ(FM), Fac. ID No. 37133, Augusta, Kansas, and KICT-FM, Fac. ID No. 63548, Wichita, Kansas (collectively, the "*Stations*"), are copies of letters notifying the Commission of the commencement of digital operation by the Stations. Please note that although the letters reference Journal Broadcast Group, the FCC licensee of each of the stations is Journal Broadcast Corporation.

Although Journal believes that these notifications were previously filed with the Commission, the Commission's electronic consolidated database system (CDBS) does not reflect these notifications. Therefore, out of an abundance of caution, they are being filed again by Journal.

In the event that the attached notifications were not correctly filed in a timely manner, a waiver of that notification deadline is hereby requested.

Please date-stamp the enclosed "Return Copy" of this notification and return it to the courier delivering the package.

Should there be any questions regarding this matter, please contact the undersigned.

Respectfully submitted,

Handwritten signature of John W. Bagwell in cursive, with '(SAB)' written in parentheses at the end.

John W. Bagwell

Re: KFDI-FM, Wichita, KS 101.3/Channel 267
Facility Identification Number: 72357
Notification of Digital Operation

Dear Ms. Dortch:

Journal Broadcast Group hereby notifies the Commission of the commencement of digital broadcasting using iBiquity Digital Corporation's HD Radio™ technology. Journal Broadcast Group hereby supplies the following information in support of this notification.

1. Journal Broadcast Group commenced digital broadcasts on December 5th 2007.
2. Journal Broadcast Group hereby certifies its facilities conform to the iBiquity Digital Corporation hybrid FM specifications.
3. In the event of interference, questions should be directed to Journal Broadcast Group's technical representative:
Mike McBride
(316)461-8640

4. *Transmitter Output Power.*

Combined: 37,370watts
Analog: 37,000watts
Digital: 370watts

5. Journal Broadcast Group hereby certifies its analog effective radiated power will remain as authorized after commencement of digital operations.
6. Journal Broadcast Group hereby certifies that its interim digital operations will not cause human exposure to levels of radio frequency radiation in excess of Section 1.1310 of the Commission's rules and is therefore categorically excluded from environmental processing pursuant to Section 1.1306 (b).

Any questions concerning this notification should be directed to the undersigned.

Mike McBride
Chief Engineer – Wichita Operations
